The Best Cough Syrup Is Home-made

You've probably heard of this wellmown plan of making cough syrup at
home. But have you ever used it? When
you do, you will understand why thousands of families, the world over, feel
that they could hardly keep house withbut it. It's simple and cheap, but the
way it takes hold of a cough will quickly
sern it a permanent place in your home.
Into a pint bottle, pour 2½ ounces of
Pinex; then add plain granulated
sugar syrup to fill up the pint. Or, if
desired, use clarified molasses, honey,
or corn syrup, instead of sugar syrup.
Either way, it tastes good, never
spoils, and gives you a full pint of
better cough remedy than you could buy
ready-made for three times its cost.

It is really wonderful how quickly this
home-made remedy conquers a cough—

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phiezm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2½ ounges of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

OCCUSION OF EVIDENCE

ABSTRACT OF EVIDENCE IN GILBREATH CASE IN GILBREATH CASE IN GILBREATH CASE President of Tennessee Normal Exonerated—Oharges Were Not Sustained.

Johnson City, Oct. 8.—Meeting in Johnson City to investigate charges preferred against President Sidney C. Gilbreath of the East Tennessee State Normal school, by eight citizens of Johnson City, the state board of education dinished its hearing at a late hour Saturday night and rendered a verdict unanimously dismissing the charges and completely exonerating President Gilbreath.

The charges were directed at the moral character of the defendant and were supported by three affi-favits, one of which, made by Sam H. Thompson, ex-state superintendent of public instruction, alleges that about seven years ago he met Mr. Gilbreath in a hotel in Nashville in an intoxicated condition, and als-that on one occasion he experintendency he was a guest at the home of Mr. Gilbreath, who offered him a drink of liquor. The defendant categorically denied the first allegation in this charge and presented an affidavit substantiating the deniably President R. L. Jones of the Middle Tennessee State Normal school. The defendant admits what he offered Thompson a toddy in his home, and saserts that the offer was accepted.

The second affidavit was made by President R. L. Jones of the Middle Tennessee State Normal school. The defendant admits what he offered Thompson a toddy in his home, and saserts that the offer was accepted.

The third affidavit was made by William L. Eqlew, an attorney and one of the relaters in the case. His affidavit alleges taht he sought to investigate certain rumors of immoral conduct on the part of the defendant and that he wrote two letters to Mrs. Mary Moore Davis, a former matron of the woman's dormitory at the Normal, who he believed would be able to substantiate the rumors. Receiving no reply to his letters, Belew asserts that he made a personal visit to Mrs. Davis, in Raleigh, N. C., and that she refused to make any affidavit or to give him any statement derogatory to the character of the defendant, whom she declared to be, in her opinion, "a fine man" and with whom her relations had always been friendly. Belew, however, alleges that he sought to investigate certhat Mrs. Davis had not been entirely frank with him and that she might have substantiated the charges had she chosen to do so.

It will clean out your head in two minutes and allow you to breathe freely.

Hyomel will end a cold in one day, it will relieve you of disgusting snuffles, hawking, spitting and offensive breath in a week.

Hyomel is made chiefly from a soothing, healing, germ-killing antiseptic, that comes from the eucalyptus forests of inland Australia, where catarrh, asthma and consumption were never known to exist.

Hyomel is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hyomel outfit, including inhaler and one bottle of Hyomei, costs but little at druggists everywhere and at Jo Anderson's. If you already own an inhaler you can get an extra bottle of Hyomei at druggists.—(Adv.)

PITFALLS TO STOP TANKS ORDERED

Ludendorff, Worried by Monsters, Outlines Plans by Which to Destroy Them.

(By Gordon Knox.)
On the French Front.—(Copyright, 1918.)-The problem of the tanks, despite all the statements of the enemy to the

all the statements of the enemy to the contrary, continues to cause him acute anxiety. An order has been taken, under the signature of Gen. Ludendorff, referring to means of combating them. It states:

"According to information obtained from recent fighting it is absolutely necessary that enemy tanks should be held not only by our own fire but also by mechanical means. The essentials of these mechanical means are mines and barricades. I insist that in all armies where attacks with tanks are probable as far as operations permit, such works rhould be constructed.

"Furthermore, care should be taken that the tanks stopped by such obstacles should be fired on by heavy guns and minenwerfer and anti-tank guns. It is also very desirable to place barbed-wire entanglements on the actual mine fields. "With the object of harring the roads on which tank attacks are to be expected, buffers should be set up like those at railway terminals. That work should be done with concrete and further protected by rails or beams and deep excavations. At the entrance to villages tanks can be kept back by masses of concrete with traverse passages. Special passages should be kept to let through our own vehicles, while preventing passage of tanks."

ITALY AGREES WITH WILSON

Press Plays Up Words Used by U. S. President.
Rome, Monday, Oct. 7.—"We must have absolute victory. Any kind of negotiation is now more than ever inadmissible," the words of President Wilson immediately after the rejection of the Austrian peace proposal, are reprinted by the Epoca in large type as summarizing the attitude of Italians

unable to appear as a witness, although requested to do so by both sides of the case.

Aside from the testimony adduced in direct reference to the specific charges, the complainants were given wide latitude in presenting much irrelevant testimony geeking to reflect upon the defendant en other grounds than those of moral character. The greater part of the testimony presented was of this sort. On the other hand, the defense presented a strong array of leading professional and business men of Johnson City who testified to the high respect and esteem in which Mr. Gilbrenth is held in the community, as well as to the splendid work and growth of the normal school under his abis administration.

When the evidence was closed the case was argued for the relators by Attorneys William L. Belew and D. M. Quinn, and for the defense by Attorneys Lee F. Miller and Thad A. Cox. Judge L. A. Ligon, representing the state board of education, then reviewed the evidence in detail in a masterly speech of forty minutes, showing that the evidence had utterly failed to establish any one of the three points in the indictment. He then presented a motion dismissing the charges and completely exonerating the defendant. The motion was seconded by Maj. C. C. Hanson, of Memphis, and on the rollcall was voted on affirmatively by each of the eight members present. The motion was as follows:

It is the sense of the board, after a full and careful consideration of the charges against President Sidney G. Gilbreath, all the proof introduced in support of the charges and the proof in denial of the charges are not in any way sustained, that the same be and they are hereby dismissed, and that President Gilbreath be and he is hereby fully exonerated from the same.

The members of the board present at the hearing were Hon. Perry L. Harned. toward the new peace movement.

The Epoca adds that President Wilson answered in September the present new trap concocted by the enemy The whole press says that the request for an armistice is an acknowledgment of defeat by the central empires, but that the allies must prevent the enemy from thereby escaping the consequences of his acts. The Journal Italia says:

Italia says:
"Austria seeks to cheat Italian na-"Austria seeks to cheat Italian to the status quo, which means a permanent irreconcilable conflict between Italy and Austria as long as the latter the brewers' associatio... and individual the brewers' associatio... and individual keeps under her rule territories inhab-ited by Italians."

WHY KAISER "OFFERS PEACE."
German Ambassador to Mexico Sets Forth.
Mexico City, Oct. 8.—Germany's purpose in making her latest peace offer to the entente allies was solely for the reason that Emperor William, in full second with the German people, desires a peace worthy of the empire's economic, political and military power, according to Helnrich von Eckhardt, the German minister to Mexico, who set forth this view today in an interview published in the leading pro-German newspaper of Mexico, El Democrata.

Von Eckhardt declared there existed more motives and more urgent necessities among the entente nations for desiring peace than among the central powers. He did not explain why Bulgaria had signed an armistice or why peace offers came first from Austria and Germany. The minister declared that the internal situation, including food, did not force Germany to make her peace offer.

BERLIN TELLS OF CONFLICT

Berlin, Oct. 2.—The German war office statement reads:

"Flanders: In front of Cambral the day was quieter. North of St. Quentin heavy fighting has been kept up almost uninterruptedly since the middle of September. In spite of repeatedly bringing fresh formations into action the enemy has not been able to obtain any successes here worth mentioning up to the present. "Yesterday also his attacks, which developed in the forenoon northeast of Lecatelet and on both sides of Lesdins, and in the afternoon on a broad front north of St. Quentin, broke down.

"The enemy, who first gained ground from the Somme canal in the direction of Essigny-Le-Petit, was pressed back as far as Remaucourte by successful counter-attacks and nocturnal raids.

"The enemy followed us closely toward our new positions on the Aisne and the Suippe between Pontavert and Bazancourt and frequently launched attacks against them near Pontavert and Berry-Au-Bac, on both sides of the Rheims-Neuchatel road and near Bavancourt. The enemy was repulsed everywhere.

"At isolated points small detachments maintained a hold on the north bank of the Suippe. The enemy attacked with strong forces on the Arnes and west of St. Etienne, Here also his attacks met with no success owing to counter attacks."

Rheumatism Relief -- 25c.

Hature's Remedy (NR Tablets), Are Helping Thousands Who Tried Ex-pensive Things Without Result, It's Guaranteed.

There are three vital processes of human existence.—the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism,—due to some interference with the process of elimination, failure to get rid of certain body poisons,—cannot be expected to yield to any medicine that falls to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body.

Think of this. It explains the success of Natures Remsdy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NI. Tablets every day and getting railef. Why pay five or ten
